## **Report of Activities March 29, 2019**

Greeting President Stewart, Executive Committee Member and Members:

Thank you for the opportunity to serve as the Corresponding Secretary from December 2018-August 2020. I am excited about the new challenge and upcoming events and advances the Organization.

My activities include working with the Communication Committee. In my position, I work with the President, Executive Committee Members, and Regional Corresponding Secretaries.

I appreciate the shift responses, I have received from the Regional Team of Corresponding Secretaries. Thank you for working with me and serving as the lifeline of the digital divide of information.

The Communication Committee is currently working on redesigning the Website and making it user friendly for all. We are happy to announce that the DRUM will remain as a source for archived information through a link on the new website but will not serve as the primary source of information. If you have any suggestions or feedback, please send it to me and we will try to incorporate it.

Please submit any information for distribution or just general knowledge, such as promotion, loss of loved ones, organizational activities, etc. Follow us on Facebook and Twitter. Also, please let me know, if you have a social media outlet, the IABPFF can follow you.

Submitted by,

*Sandra Richards*

Sandra Richards
