April 20, 2021

IABPFF Lifetime Committee Co-Chair Report,

The Lifetime Membership mail outs should be completed before the end of April.

The mail outs will include (1) an introduction about our mission and how we would like to bring the organization full circle by having a horde of experienced and knowledgeable way makers to harvest from (2) a Lifetime Member Recruitment package, which will include a message from the IABPFF LODD Committee Chair (3) a Lifetime time Membership application and a IABPFF Membership application.

We are currently awaiting a list of volunteers from each region to serve as liaisons. The Directors were asked to provide a volunteer to be their Regional contact person. This person works with the Chapter Presidents and members of the organization to locate our Lifetime Members. If you would like to serve as a representative to connect our Lifetime Members, please reach out to your Regional Director.

I would like to thank Sister Sistare for all her assistance in getting us the supplies requested. In addition, I would like to acknowledge Sister Tracey Lewis for volunteering to be the Lifetime Retires Contact Liaison for the NER.

We will continue to gather information from members in the form of networking in an effort to merge. Thank you for allowing me to be of service.

Peace and Blessings,

Arthur Battles, Chair  
Sabrina Potter, IABPFF Lifetime Committee Co-Chair
